Enriched Living

Rosewood Residences Miami Beach will be housed adjacent to the iconic The Raleigh hotel, which will be managed by Rosewood Hotels & Resorts. The newly constructed 17-story tower was designed by famed architect Peter Marino and includes 44 private homes with unobstructed ocean views and prime ocean proximity. The tower's façade features white columns and black mullions that create rhythm and movement while prioritizing large windows for maximum light, air, and ocean views. In the interiors, a calm material palette featuring artisan plasters, hand-painted millwork, and noble stones with impeccable detailing create a serene and elegant place for living.

ROSEWOOD RESIDENCES MIAMI BEACH >

This prime beachfront location in vibrant South Beach will include 44 private homes - each with unobstructed ocean views and impeccable detailing, creating a serene and elegant place for living.
